PROFILE

Versatile **Creative Lead, UI/UX Designer, and Frontend Developer** with **2+ years** of professional experience architecting seamless digital interfaces and high-converting visual ecosystems. Expert at bridging the gap between design and production by combining advanced **Adobe Creative Suite** and **Figma** mastery with robust technical skills in **React, TypeScript,** and **JavaScript**. Adept at driving visual strategies for digital campaigns, maximizing brand visibility, and collaborating within elite design collectives to deliver high-performing web solutions for diverse clients.

EDUCATION

Kantipur City College (KCC) — **Putalisadak, Kathmandu**

Bachelors in Computer Application and Information Technology — 2021 – 2025

GEMS Institute og Higher Education (GIHE) — **Dhapakhel, Lalitpur**

Higher Secondary Education (+2) in Science — 2019 – 2021

EXPERIENCE

Lead Designer & Developer — **January 2026 - Present** (*Freelance / Design Collective*)

Chitra Tech — *Remote*

- Co-established a collaborative digital design studio to deliver end-to-end **UI/UX** designs and high-fidelity frontend development for a diverse portfolio of external clients.
- Concepted and designed intuitive **user interface (UI)** layouts for web applications and digital platforms, establishing strict visual hierarchies to optimize user experiences.
- Engineered interactive, responsive user interfaces from scratch using **JavaScript**, **TypeScript**, and modern **React** frameworks to bridge the gap between design and production.

Lead Designer — **October 2025 - Present** (*Full Time*)

RABS International — *Jawalakhel, Lalitpur*

- Spearheaded visual communication strategies to maximize brand visibility and capture target audience attention across digital and print ecosystems.
- Produced engaging social media assets and large-format advertising billboards, utilizing **Adobe Photoshop** and **Illustrator** to maintain pristine brand consistency.

UI/UX and Product Designer — **November 2024 - October 2025** (*Full Time*)

Arete Vivo SEO — *Banasthali, Kathmandu*

- Designed seamless digital interfaces for Amazon product listings, A+ content, and social media materials utilizing **Adobe Photoshop** and **Illustrator**.
- Integrated user-centered design methodologies with high-converting visual assets in **Figma**, increasing user interaction rates by **12%.**

CREATIVE EXPERTISE

- **UI/UX & Product Design:** *Wireframing, prototyping, user-centered design, and layout optimization*
- **Branding & Visual Identity:** *Logo design, visual communication strategy, and brand asset guidelines*
- **Digital & Print Marketing:** *Social media graphics, A+ e-commerce content, and large-format billboards*
- **Typography & Composition:** *Visual hierarchy, structural alignments, and asset typesetting*

TECHNICAL SKILLS

- **Design & Prototyping Software:** *Figma, Adobe Photoshop, Adobe Illustrator, Adobe InDesign*
- **Core Web Technologies:** *JavaScript (ES6+), TypeScript, HTML5, CSS3*
- **Frontend Frameworks:** *React, responsive design methodologies, and component architecture*
